

Locatediscount: Privacy Policy

Last updated: 08/09/2026

1. What this covers

This policy explains what personal information Locatediscount collects, why, and what rights you have over it, in line with the Nigeria Data Protection Act 2023 (NDPA) and general international data protection principles.

2. Information we collect

From Users:

- Approximate location (to show nearby deals) with your permission, or a manually entered area if you decline location access.
- Category preferences you select.
- Phone number and name collected only at the point of getting a code, used to identify the user, save your code as a backup, and to prevent abuse of the redemption system.
- Basic usage data (which deals you view, Favorite, or redeem) to improve deal relevance.

From Business Partners:

- Business name, category, address, contact details, and deal information you provide.
- Wallet and redemption activity, needed to calculate and process fees.

3. Why we collect it

- To show you relevant, nearby deals.
- To issue and validate redemption codes.
- To calculate and charge redemption fees to Business Partners.
- To detect and prevent fraud or abuse of the code system.
- To improve the platform over time.

Our legal basis under the NDPA is your consent (for location and phone number) and our legitimate interest in operating the platform securely (for fraud prevention and basic usage data).

4. Who we share it with

- **Business Partners** only see that a code was redeemed and basic, non-identifying redemption stats, not your full activity across the app.
- **Payment providers** we use to process wallet top-ups and fees, solely to complete those transactions.
- We do not sell personal information to third parties.

- We may disclose information if required by Nigerian law or a valid legal request.

5. Where your data is stored

Data may be stored on servers located outside Nigeria as part of our hosting infrastructure. Where this happens, we take reasonable steps to ensure an adequate level of protection consistent with NDPA requirements for cross-border data transfer.

6. How long we keep it

We retain redemption and wallet records as long as needed for accounting, fraud prevention, and legal compliance. Location and preference data tied to a device is retained only as long as the app remains installed, unless you request earlier deletion.

7. Your rights

Under the NDPA, you have the right to:

- Know what personal data we hold about you.
- Request correction of inaccurate data.
- Request deletion of your data, subject to legal/accounting retention requirements.
- Object to certain uses of your data (e.g. marketing).
- Lodge a complaint with the Nigeria Data Protection Commission (NDPC) if you believe your rights have been violated.

To exercise any of these, contact us at info@locatediscount.ng

8. Children's privacy

Locatediscount is not intended for use by anyone under 18. We do not knowingly collect data from children.

9. Security

We use reasonable technical and organizational measures to protect your data, including encrypted transmission of sensitive information. No system is 100% secure, and we encourage you to report any concerns directly to us.

10. Changes to this policy

We may update this policy periodically. Material changes will be communicated through the app or via WhatsApp/SMS notification for Business Partners.

11. Contact

Questions or requests regarding your data: info@locatediscount.ng / +234 905-947-6544.
